monster hunter world - face paint eyeshadow

fucc yeah i do recomend dat shet real good. If you wanna be true kvlt and black metal af, get this.. Perfect for those edgy dual bladers, and those heavy metal hunting horn users.. good for when you want to feel extra kvlt on the hunt. Combine this with the full white makeup and you're rocking a look sure to make Abbath crack a smile. Throw on Emperor's "Anthems to the Welkin at Dusk", equip your best Ice SnS build and you're ready for the trv kvlt MHW experience.. Do you want to drop a dollar to look edgy? Because I know I sure do. Seriously, just use your own judgement.
